

AgFair 2018, HE President Ashraf Ghani visits DCA Kuchi tent

At the yearly Agriculture Fair, this year DCA had a dynamic presentation in a real Kuchi tent. In and around this tent, Kuchi men and women were present with their animals, showing their local products to the public. In addition, surrounding the tent, information was available on some of the DCA projects.

The 2nd of October, the Minister of Agriculture visited the DCA Kuchi exhibition and he was really impressed. The next day, he guided HE President Ashraf Ghani directly to the Kuchi tent. President Ghani was very interested and had some open and thorough conversations with the Kuchi pastoralists present in the tent.
